Steve Snell from O'Brien & Gere was present and spoke to the Town Board about Broadfield Road drainage issues. He indicated that in the past several options were identified but any improvements to mitigate the flow rate through the Broadfield Road culvert or reduction of the water elevation upstream of the culvert would require additional drainage easement(s). One of the options could include making the detention area deeper but doing so would require an additional culvert or replacement of the existing culvert under Broadfield Road. The cost to replace the culvert under Broadfield Road would likely be significant. The Town would need to coordinate with the county on this as it is there culvert. Letters will be sent out to some adjacent residents to explain improvements the Town may consider.

Supervisor Marsh spoke to those in attendance about the animal situation with the former animal control officer. Supervisor Marsh has been at the SPCA every day. The number of volunteers, including groomers and veterinarians, is unbelievable. The donations are tremendous. The SPCA is now the dog officer for the Town of Pompey. Supervisor Marsh read from a letter that the Town received in March 2014 from NYS Ag & Markets giving the animal control officer a satisfactory inspection.

R-140-14 Made by LaFrenz, seconded by Marsh to authorize Attorney Brown to review the Town Code to make sure that the right board is handling the application for the wireless tower application. All in favor. Motion carried.

Attorney Brown reported that the John Chen property case was held in Town Court. Mr. Chen appeared and agreed to make all necessary improvements on his property. Mr. Penhall is in the process of making sure that it gets done.

R-141-14 Made by Dennis, seconded by Herlihy to approve the monthly reports and bank reconciliations of the Town Clerk, Tax Collector and Supervisor. All in favor. Motion carried.

All in favor. Motion carried.

Public Comment

John Shaheen spoke about the expedited solar permit process.

Chris Moseson read a letter to the Town Board about the Verizon Wireless application. She left the letter and petition with Supervisor Marsh.

Phil Benedict asked what, if any, legal action the Town Board was taking involving the dog control officer. Supervisor Marsh and Councilor Dennis stated that the Town is cooperating fully with the ongoing investigations and legal proceedings. Attorney Brown explained that it is the District Attorney's responsibility, not the Town's, to initiate a criminal proceeding. He is unaware of any provision in our Town Code that would allow a criminal action against the dog control officer.

R-143-14 Made by Dennis, seconded by Herlihy to go into Executive Session to discuss the employment history of a particular individual and to obtain legal advice from the Town Attorney at 7:30 p.m. All in favor. Motion carried.

R-144-14 Made by Dennis, seconded by Herlihy to return to Regular Session at 8 p.m. All in favor. Motion carried.

R-145-14 Made by Dennis, seconded by Herlihy to adjourn at 8:01 p.m. All in favor. Motion carried.

Respectfully submitted,

Ann Christmas
